Hi Robert,
Here's another one. I will respond.
Hope that you have a nice weekend.
Cheers,
Mary

Subject: Seresto Complaint

Hello,

I want to share a report regarding the Seresto dog collar. My dog experienced multiple, regularly occurring seizures as a direct result of the collar. They only began after the collar was put on him and stopped immediately after its permanent removal. I read recent media reports that it should be documented here and that the EPA is considering banning the product - I support this proposal.
Thank you!
